Factsheet

bwin Casino

bwin offers its customers a comprehensive online casino line-up. There are more than 80 games on offer, ranging from classics such as Roulette or Blackjack to slot machines and casino tournaments. The casino has a longstanding tradition at bwin: In 2001, it was introduced as a second product, in addition to sports bets.

Instant Play or Download Casino

What makes the bwin Casino special is that two different varieties are on offer. The Download Casino is designed for users with Windows-based PCs, whereas the web-based Instant Play Casino is available for customers running Windows, Mac OS or Linux. Both casino formats boast high-quality graphics and realistic casino sound. The web-based version of the casino is suitable for beginners and pros alike. Customers who do not have a great deal of casino experience can also use the "play for fun" mode without registering at bwin – an ideal way to enter the world of casinos. The Download Casino also offers extra features such as Multiplayer-Games¹, additional games and higher jackpots.

Comprehensive line-up of games

The 83 games on offer include all games usually found in a real casino. Customers can choose from card games such as Blackjack and Baccarat as well as table games such as European Roulette, American Roulette and Craps. In addition to these traditional games, slot machines (3-reel and 5-reel slots as well as Video Poker) guarantee maximum entertainment. Casino players can compete against each other during the daily Blackjack and Roulette tournaments.

The most popular games also available via mobile or as MiniGames

Customers can also play the most popular games on their mobile phones. 250 different mobile devices are currently supported. A total of 15 games ranging from Blackjack to Roulette provide high-quality gaming entertainment on the go which – just as on the web, available in 22 different languages. Customers who want to combine sports bets and casino games can do so using the live bets feature, where a number of casino games are available as MiniGames, like Roulette and Blackjack, to add some more excitement.

Secure and fair gaming at bwin

Alongside its other products, security is a key issue at bwin. The software implemented is provided by two of the most renowned companies in the casino sector. The random number generators used are regularly checked by globally
